## INFUSIONS RESTAURANT OPENS FOR 2025-2026 SCHOOL YEAR

Lancaster County Career and Technology Center's student-run Infusions Restaurant welcomed patrons on September 30 to kick off its opening for the 2025-2026 school year!

The restaurant, located at Mount Joy campus, is open to the public for high tea on Tuesdays and prix fixe lunch on Thursdays and Fridays.

Reservations are **required** - call 717-208-3127 today! Seats fill fast!

## PA STATE SENATOR MALONE TOURS BROWNSTOWN CAMPUS

Thank you for touring our  
Brownstown Campus this month,  
Senator Malone!

PA State Senator James Malone  
talked with our CTC community to  
learn more about what opportunities  
career and technology education  
offers to students. We love when our  
local and state officials visit to explore  
our programs!

## DENTAL HYGIENE WILL HOST BINGO ON NOVEMBER 1

Join our Dental Hygiene students at our Willow Street Campus for an afternoon of bingo on Saturday, Nov. 1! Doors open at 1 PM, and bingo starts at 2 PM. Play for your chance at 20+ prizes, all worth over \$100 each! There will also be a 50/50 raffle and concession stand items available for purchase.

Tickets are \$25 each for 20 games of bingo. Additional books (1 per guest) are available for \$10. Reserve your tickets today through LCCTC Dental Hygiene students, or leave a message at our student Dental Clinic at 717-464-7050, x7126, or [LCCTCDentalClinic@lancasterctc.edu](mailto:LCCTCDentalClinic@lancasterctc.edu).

**BINGO FUN!**

Enjoy a fun afternoon of Bingo!  
Benefits the  
Dental Hygiene Students Class of 2026

## FFA CHAPTER AND ANIMAL PRODUCTION STUDENTS ATTEND LIVESTOCK COMPETITIONS AT LOCAL FAIRS

September was local fair season for our Willow Street FFA Chapter and our Animal Production students!

Our club members visited the Solanco Fair to watch the lamb and dairy shows, then they attended the West Lampeter Fair for the swine, dairy, and horse shows.

Our FFA Chapter joined other chapters from around the county to judge the livestock competitions in

West Lampeter; all students did great for their first time judging! A few even participated in competitions of their own - Payton finished fourth in the stick horse race!

APST students also met up with recent grads who are finishing up their supervised agricultural experience (SAE) projects this fall. In West Lampeter, Kendall H.'s goats won first and second place in the goat show!

---

## CDL PROGRAM VISITS KING ELEMENTARY SCHOOL IN LANCASTER

A huge thank you to King Elementary School and the School District of Lancaster for inviting our CDL program to a Careers on Wheels event in September!

Our CDL director, Tom, offered tours of one of our trucks to students in pre-K through 5th grade; we had a great time answering all of their trucking questions!

## AROUND THE CTC

**October 16, 2025**

In Metal Fab, students made square and round connections into duct work! The class also welded (in our new welding booths!) and learned how to make a tap. Students worked on a new 8-foot shear, another part of the classroom's summer remodel this year. The program also received a new CNC plasma table and a new 6-foot press brake.

**October 16, 2025**

Carpentry Technology travelled from Mount Joy to Brownstown to replace floors in HVAC's mezzanine. They'll return to the classroom in a few weeks to finish the project!

**October 10, 2025**

Cabinetmaking students have been really \*nailing\* their assignments - see what we did there?

Students finished up their corner bookshelves, which required the use of most classroom

**October 8, 2025**

Mount Joy's Culinary Cluster served industry reps at our October OAC meetings!

Intro to Culinary was on top of appetizers, and put together antipasto skewers

**October 2, 2025**

Students in Photography practiced studio lighting with strobes, capturing these retro "throwback" portraits! They also took Halloween self-portraits.

**Visit Our Instagram Page!**

machinery. They are touching up and enlarging desk tables for the Denver Municipal Building too, a great example of community partnership!

**September 24, 2025**

Early Childhood Education students recently started their clinicals in Bright Horizons Childcare, leading watercolor painting, sorting activities, and story time readings! They have been focusing on professionalism in the workplace.

**October 17, 2025**

Commercial Art continued work on their typography projects last week!

Students created letter forms and scaled them to make name placards by hand. Through the 600-year-old process, they learn about spacing and “old school” typography - which, yes, has been algorithmically automated by Adobe. They will learn how to do versions of the same process with InDesign next week!

**September 15, 2025**

Nursing Assistant and Home Health Aide students swabbed surfaces and monitored bacteria plates for growth.

This year, cups and computers produced the most bacteria growth!
