November 2025 - Special Edition

**GIVE TODAY
TO BUILD
TOMORROW'S
WORKFORCE**

Support the LCCTF
During the ExtraGive
on November 21

The Lancaster County Career and Technology Foundation (LCCTF) was established in 2003 to support the students and programs of the Lancaster County Career and Technology Center (LCCTC). The LCCTF's goal is to ensure the LCCTC has the materials, equipment, and student support to provide the best in career training for high school and adult students.

Together, we can ensure that businesses meet the need for skilled employees and members of our community find new, meaningful careers. Your donations during the ExtraGive directly support the future of LCCTC students and provide tools and resources that build a thriving workforce in our community.

Visit [ExtraGive.com](https://extragive.com) on **November 21** to donate to the **Lancaster County Career and Technology Foundation!**

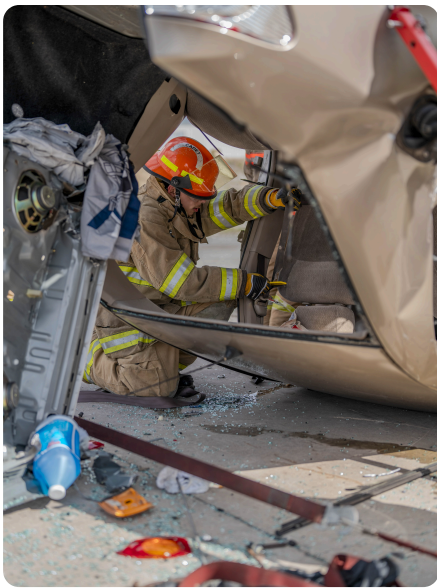

WHY SHOULD I DONATE TO THE LCCTF?

Supporting the LCCTF means you are...

- Helping to **build the Lancaster County workforce** with highly trained LCCTC students.
- **Giving LCCTC students** what's needed to succeed - technical skills, academic skills, and employability skills.
- **Closing the skills gap** and promote the trades.
- Supporting students from **all 16 Lancaster County** public school districts.
- Helping to provide **state-of-the-art technology and equipment** for over 50 career and technology programs.
- **Awarding scholarships** for LCCTC graduates going on to post-secondary education.
- **Providing workforce grants** for LCCTC students directly entering the workforce to help purchase uniforms or tools.
- Covering the costs of **uniforms and tools** for students in need.
- Supporting **mental health needs** of LCCTC students.
- Providing **opportunities for unemployed and/or under employed adult students** to learn a new trade and begin a new career.

BY THE NUMBERS

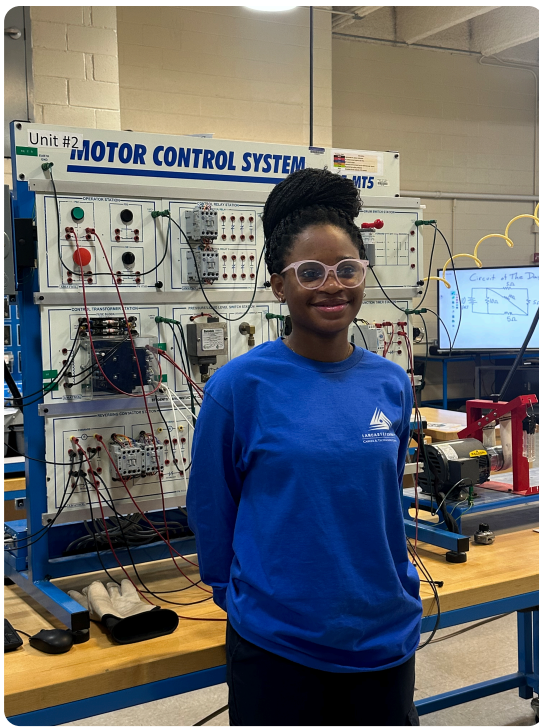

During the 2024-2025 school year, funds from the ExtraGive contributed to:

- **\$36,000 in scholarships** awarded for LCCTC students moving on to Higher Education;
- **\$30,000 in workforce grants** for LCCTC students to purchase tools, uniforms, and materials for the start of a new career after graduation;
- **\$15,000 in financial assistance** for high school students needing uniforms, tools, and certification fees;
- **\$150,000 in Teacher Innovation Grants** for the purchase of equipment and supplies to enhance our curriculum for a number of LCCTC programs.

LCCTF SCHOLARSHIP RECIPIENT: JACQUELINE KUBEMBEREZA

Electro-Mechanical Engineering,
Ephrata Area School District

Jacqueline was credited by her principal and instructor for her constructive participation in class, positive attitude, and school spirit. She appreciated the independence that the CTC offered her in her school studies.

Additionally, at the time she was enrolled in the CTC, Jacqueline had lived in the United States for nearly five years. She thanked her English teacher and the Lancaster-Lebanon Intermediate Unit for their support.

She spends her free time playing volleyball and soccer, and listening to music.

Following graduation, Jacqueline planned to attend Messiah University or Thaddeus Stevens College of Technology.

Visit [ExtraGive.com](https://www.ExtraGive.com) on November 21 to donate to the Lancaster County Career and Technology Foundation!

Help us provide resources, build careers and improve the lives of LCCTC students!
