December 2025

## LCCTC WELCOMES FAMILIES FOR 2025 OPEN HOUSES, THANKS COMMUNITY FOR CONTINUED SUPPORT SINCE 1971

#TBT to our very first Open House in 1970! A staff member recently found these groovy photo slides stored away in our Central Office. Intro to Visual Communications students at Brownstown brought them to life, taking high quality photos to digitize them! Far out!

While we appreciate how far our CTC has come - we are also grateful for the extensive community support shown at our November Open Houses this year! Thank you for visiting and exploring our students' success with us!

---

## ADULT WELDING STUDENTS PREP TO GRADUATE TOMORROW

Adult Welding students have been keeping warm with TIG welding and basic grid work!

A new class of Basic Welding started at the end of October, while an earlier cohort is prepping to graduate tomorrow, December 9th! Of the 11 nearing graduation, nine already have jobs lined up.

---

## LCCTC CULINARY ARTS HONORS VETERANS DAY

This Veterans Day, the CTC honors all those who have served our country. We thank you for your bravery and for leading by example.

In recognition of the sacrifices that US veterans have made, our Culinary Arts program set a Fallen Soldiers Table during their high tea.

# CTC GETS SPOOKY FOR HALLOWEEN

Happy Halloween from our ghouls and gals! Our spooky crew really got in the spirit, with lots of costumes and treats (no tricks here) across the CTC.

---

## CDL PROGRAM GRADUATES CLASS B AND ELDT CDL STUDENTS

Congratulations to our Class B CDL and ELDT CDL students who recently finished up their training and hit the road! Good luck, and enjoy the wonderful road ahead!

---

## AROUND THE CTC

# THANK YOU

to our incredible team of education professionals.  
Each of you plays vital role in our students' success!

**AMERICAN EDUCATION WEEK**  
**NOVEMBER 17 - 21, 2025**

## **November 21, 2025**

Our SkillsUSA chapters from all three campuses attended the SkillsUSA Central Region Leadership Workshop in Harrisburg! Students attended leadership seminars, had fun at an in-house carnival, competed in a tricycle race - and visited the state capitol! At the conference's formal dinner, Mr. Dave Ecenrode, our Architectural CAD and Design instructor and a Brownstown SkillsUSA advisor, was

## **November 19, 2025**

At Willow Street, high school Auto Technology students have gotten into sensor systems! The class tested for vacuum leaks on an intake manifold and tested camshafts and crankshafts with an oscilloscope. Later this year, students will use brand-new car simulators (used for diagnosing cars and scan tool operations) to train for their Snap-On Certification!

recognized for his longtime dedication to the organization.

**November 17, 2025**

It might be windy and cold outside, but Protective Services students are bringing on the heat! They cut ventilation openings in “roofs,” while maintaining safe ladder and chainsaw techniques. They also learned how to forcibly enter locked doors in the event of emergencies!

Christian, one of our Interactive Media students, crafted a

**November 6, 2025**

Computer Networking is already gearing up for another highly successful Cyber City event! Students are prepping new 3-D printed installations, including cathedrals. This year, they will install cube “satellites” in the ceiling and develop an underground subway. Different from last year, the city will be broken into three neighborhoods - futuristic, apocalyptic, and wild!

short video of our Halloween Brownstown door decorations! Students put a lot of effort into making these so festive; nicely done, all!

**October 28, 2025**

Photography students visited both Canine Country Club locations to take “Back to School” photos for the dogs! Students also combined their Intro to Marketing unit with their new photography skills for a final product photo assignment.

**October 27, 2025**

Willow Street welcomed students from Cocalico, Donegal, Hempfield, and Warwick School Districts to tour our high school programs! Each of our programs gave “day-in-the-life” presentations, which included some skill demonstrations. Animal Production brought alpacas to campus for haltering and leading demos! They even flipped sheep to trim hooves.
