Dear Student, Parent/Guardian:

<https://tinyurl.com/yv59y8kd>

I would like to welcome you to the Photography & Multimedia Communications program at the Lancaster County Career and Technology Center, Brownstown Campus. This letter is to give you an overview of the Photography program.

Students are encouraged to provide their own digital single-lens reflex camera to take the class. **The school will provide a camera for students who do not have their own camera.** If you choose to purchase your own camera, you will need these five features for your class camera:

- It should be a digital single-lens reflex (DSLR or mirrorless).
- You should be able to focus automatically or manually.
- You should be able to set the exposure (aperture size and shutter speed) manually.
- You should be able to set the ISO manually.
- The camera should have at least a normal (about 50 mm) lens. An 18-55mm zoom lens would work best.

Students should also purchase an off-camera flash for their camera. It need not be from the manufacturer of your camera but should have the same features such as TTL mode, Manual Mode, and the ability to sync with your camera.

Again, students without a camera will be able to use and take home a class camera for use during the school year. Student camera models are Nikon Mirrorless z5. If you do decide you would like to buy a camera locally, you might want to check out Perfect Image Camera Repair & Service Center at 717-397-3019. They offer new and used equipment. To buy online, try B & H Photo Video of New York - <http://www.bhphotovideo.com/> or Roberts Camera of Indiana - <http://robertscamera.com/>. Both offer used, and refurbished equipment.

Students will be required to complete the following certification. This item will be paid for by the school.
OSHA 10 Hour General Certification

Students need to comply with the LCCTC uniform requirements. Photography students are required to purchase **black pants** and **indigo blue LCCTC t-shirts and sweatshirts**. Students must order uniform shirts from Fully Promoted through the LCCTC website store (www.lancasterctc.edu). Please place orders promptly to ensure you will be in uniform on the first day of school. Pants can be purchased through any retailer; shorts, leggings, and sweatpants are not permitted. We strongly encourage students to purchase at least two pairs of pants and five shirts including one sweatshirt to last the year. Students must wear close toed shoes (no crocs, clogs or slides). On their first day of school, students should bring a notebook, paper, pen or pencil, and their camera equipment (if applicable)

I am looking forward to working with you in the fall. Best wishes. **See you in class.**

Sincerely,

Eleanor Farley
Instructor, Photography & Multimedia Communications
